SmarTone to Launch Samsung GALAXY S4

(Hong Kong, 26 April 2013) SmarTone today announced that the hotly anticipated Samsung smartphone flagship the GALAXY S4 will be available on 27 April 2013.

Featuring a gorgeous 5" full HD SUPER AMOLED display, the fastest processor on the market, an ultra-beautifully slim body, and sweet new camera with seriously fun shooting modes, the GALAXY S4 is the perfect smartphone companion.

The GALAXY S4 is worlds apart on Hong Kong's most powerful network. Customers can choose from the wide range of services designed by us including:

Cloud Storage Manager – With its amazing camera, which boasts great features that make photography more fun, customers will be taking loads of photos and videos with their GALAXY S4. Save everything in the cloud with Cloud Storage Manager, a virtual cloud storage unit that customers can expand as much as they want using free cloud storage accounts. It even makes sharing files between the GALAXY S4, tablets and computers a whole lot easier. There is also enhanced security with on-demand encryption to keep all the files safe. - X-Power The Samsung GALAXY S4 features a 5" full HD display and Smart Pause which pauses video automatically when viewers look away and resumes them when they look back at the screen. It allows customers to enjoy a better video viewing experience than ever before but it doesn't natively support Flash video. Customers can enjoy flash video with X-Power.
- Call Guard blocks known cold callers for all subscribers. If a cold call does reach any Call Guard subscriber it can be reported with a tap, instantly adding it to the database and protecting everyone using the service. It puts control in the hands of its customers.

Together with SmarTone's lightning fast and smooth 4G network, and outstanding customer care, customers can do more, enjoy more and be more.

The GALAXY S4 is available for \$0 with a HK\$418 price plan. Customers will also get a Samsung Battery & Charger Pack for just \$99 (valued at \$499).
